

Reading Dragons & Friends GAMES

Rock Paper Scissors

To play, you and a friend each choose one card secretly, keeping it hidden so your friend can't see what you chose. Then count to 3 and both of you flip over your cards to see who wins.

- Fire beats Leaf
- Leaf beats Water
- Water beats Fire

If you have the same color you tie.

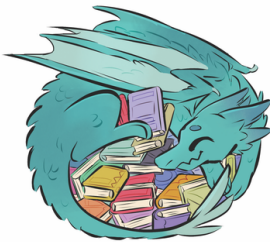

Rock Paper Scissors, War!

Play this when you have several dragon cards. Make sure you write your name on your cards so you can get your cards back at the end of the game.

- Mix up both players' cards and divide them evenly between both players.
- Place your stack of cards face down on the table. Do not look at the cards.
- Both players draw the top card on their deck and flip it over at the same time.
 - Fire beats Leaf
 - Leaf beats Water
 - Water beats Fire
- If you have the same color, the oldest creature wins.
- If your creatures are the same color and age, then you go to war.
- To go to war, add two face down cards to a win pile, then play one more card face up.
- If you tie again, go to war until there is a winner.
- The winner adds both cards, plus any in the win pile, to their own win pile.
- Play until you run out of cards.
- The player with the most cards in their win pile wins.
